

1. Thermostat TH-0482 / control C
(dimensions: 70x30x115mm)

5. Thermostat TH0343 control A/A1 (dimensions: 74x74x30mm)

7. Remote control panel controls D, E, E1, MT2 (dimensions: 70x25x70mm)

2. Thermostat TH-0108 / control B, D, E, E1 and MT-2
(dimensions: 90x30x125mm)

6. Adjusting screws
Type 1 length 45mm
Type 2 length 25mm (only for T60)

8. Transformer TT1-DC in the electric installation box
(box dimensions: 175x70x145mm, further information: page 87)

3. Rolling grille materials:

wood:

oak

beech

maple

aluminium:

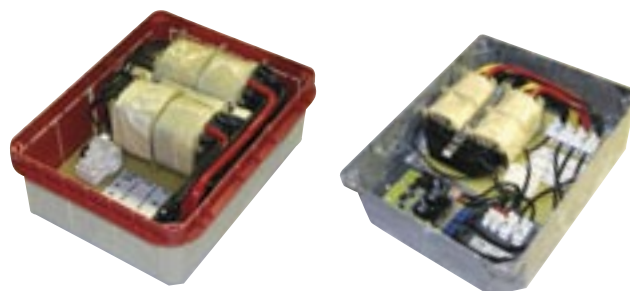

dark bronze

light bronze

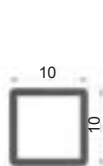

silver elox

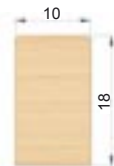

9. Transformer TT3 and TT3-E1 in the electric installation box
(box dimensions: TT3: 209x165x71mm, TT3-E1: 255x205x71mm, further information: page 87)

4. Cross sections of grille partitions:

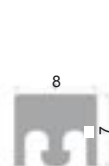

stainless steel

Wood

aluminium rolling grille

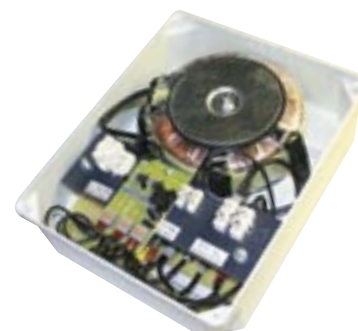

aluminium (T50, KT-0) segment grille

aluminium segment grille

10. Transformer TT5 and TT5-E1 in the electric installation box
(box dimensions: 255x205x71mm, further information: page 87)

Information for customers:

- a) Convector are supplied as standard with the wooden or aluminium grille
- b) **In case of interest in the stainless steel grille, it is necessary to order this grille together with the convector (the profile 10x10mm)**
- c) Convectors Coil-T50 and KT-0 are only supplied with the low aluminium profile grille (the profile 8x7mm)
- d) Angled corner pieces are available for all types of convectors.
- e) Curved designs of convectors are produced as standard for COIL-PT, KT and T80 (change of width to 254mm) - other types - please consult
